

**Out and about? No need to throw it out.  
Recycle it!**

The City of Thorold is pleased to announce its participation in a public space recycling pilot program with Niagara Region, other local municipalities and Refreshments Canada. In an effort to increase Niagara's waste diversion rate, the Region, the municipalities of Thorold, Wainfleet, Grimsby and St. Catharines and Refreshments Canada have teamed up to launch **"Niagara Recycles...on the go!"**

In Thorold, the pilot is focused on four parks: Battle of Beaverdams, C.E. Grosse, Sullivan and South Confederation. Recycling bins for plastic, glass and aluminum beverage containers are expected to be in place in the parks by early June. Other municipalities are testing arena, downtown and beach recycling.

Blue public space recycling bins accept all empty plastic, glass and aluminum beverage containers, but not paper coffee cups. Bins are marked with visual clues to help you recycle the right item. You're encouraged to keep up the good work you've demonstrated at home when you're out and about!

The pilot will play a key role in helping to identify the most effective ways for the Niagara Region to provide opportunities for recycling in public areas long term.
